

Application Form

Independent and Supplementary Prescribing

Allied Health Professionals

Standard programme (8 months or 12 months): Level 7 programme (60 credits): Independent Prescribing for Physiotherapists, Podiatrists, Therapeutic Radiographers and Advanced Paramedic Practitioners; plus Supplementary Prescribing for Diagnostic Radiographers and Dietitians

The closing dates for applications for 2022/23 academic year are:

September Cohort	Standard programme – 8 months	03 June 2022
October cohort	Standard programme – 8 months	08 July 2022
January Cohort	Standard programme – 8 months	21 October 2022
February Cohort	Standard programme – (extended version) – 12 months	25 November 2022
April Cohort	Standard programme – 8 months	20 January 2023
June Cohort	Standard programme – (extended version) – 12 months	17 March 2023

BEFORE YOU BEGIN: The Independent and Supplementary Prescribing programme is extremely demanding. It is important to read all the information on the form carefully. You will need to do the following before you apply.

- Discuss your intention to undertake the programme with your organisation Non-Medical Prescribing (NMP) lead prior to completing the application (non-medical prescribing has to be appropriate for your role and the service).
- Ensure that you will have agreed access to an NHS prescribing budget on qualification.
- Ensure that you fit the academic and clinical entry criteria. Please note that priority for the 8-month programme will be given to those with a clearly defined scope of practice. We reserve the right to offer only the extended 12-month programme.
- This is a distance learning programme; you must have access to a computer and the internet and be sufficiently computer-literate to navigate an online learning platform and to download and upload files.
- Ensure that consideration has been given to the impact on clinical workload during your period of study.
- Ensure agreement from a Practice Educator. The Practice Educator can be a medical doctor or an experienced non-medical prescriber (nurse, pharmacist or AHP registered).
- Ensure that you can attend all of the **compulsory** study and assessment days. The dates for the study and assessment days of upcoming cohorts are on the website under programme structure.
<http://www.msp.ac.uk/studying/postgraduate/supp-independent-prescribing/index.html>
- Ensure that you are not away from the period of learning for more than two consecutive weeks.
- Please check information from the [HCPC](#) and have a look at this link for [frequently asked questions](#).

Guidance Notes on completing the form

This application form consists of five sections. In order to apply for a prescribing programme within this institution, we require you to complete all FIVE sections legibly.

- Section 1: Personal details and working practice
- Section 2: Declaration of support/access to a prescribing budget
- Section 3: Declaration of support from a Practice Educator
- Section 4: Funding statement.
- Section 5: Personal intention form.

Only legible and complete applications will be considered at the application panel.

If you would like to discuss any aspect of the application process, please email pgtpharmadmin@kent.ac.uk

The form

- Download the form and save to your computer before using the fillable sections.
- The pages that require signatures will need to be printed out and signed manually.
- Ensure the application form is signed by applicant, manager, NMP Lead and Practice Educator
- The statement of funding must be completed.

Further considerations

Please consider the following:

1. Places on this programme of study are sought-after. If you take up a place and then withdraw you will have prevented another student from taking part.
2. The information requested on the application form is required by the professional/regulatory bodies and the university. Please take your time to complete it carefully as any incomplete applications will have to be returned to you which may delay your application.
3. If you are self-employed you need to show as part of your application how you will fit the programme of study into your current practice and how you will practically prescribe once qualified. We do not generally accept students who wish to use the prescribing programme as an addition to their career or in preparation for application for a job in the future. There needs to be an identified current need for your prescribing. You need to show how you will implement it and in particular how the prescribing you undertake will be funded. If you are planning to prescribe from an NHS budget, you need to include the signature of the budget holder indicating that you have permission to prescribe from that budget once qualified.

We look forward to processing your application in due course.

**Trudy Thomas,
Prescribing Programme Lead, Medway School of Pharmacy.**

F. PERSONAL STATEMENT

On the next page please write a personal statement in support of your application. This should be an academic, referenced and reflective piece of around 1000 words detailing:

- The therapeutic area you will be prescribing in (your 'Scope of Practice') i.e. respiratory conditions within the community setting.
 - Please indicate the length of time you have been working in this area, and the number of hours per week that you work.
- Your competence and experience which will enable you to meet the requirement of the prescribing programme.
- The skills you will bring to the role including clinical/health assessment, diagnostics/care management and planning and evaluation of care.
- Clarify the medicines and clinical governance arrangements in place to support safe and effective independent prescribing
- The benefits for the patient and (where applicable) the NHS.
- Realistic details of how Non-Medical Prescribing will fit into your practice and how it will be funded if self-employed.
- How you reflect on your own performance currently?
- Identified support networks accessible to you whilst undertaking the programme, including confirmation that you will have appropriate supervised practice in the clinical area in which you are expected to prescribe.

Reflective Personal Statement – Student Name:

Academic References – i.e. supportive literature cited in your Personal Statement.⁴
