

Application Form

Independent and Supplementary Prescribing

Allied Health Professionals

Standard programme (8 months): Level 7 programme (60 credits): Independent Prescribing for Physiotherapists, Podiatrists, Therapeutic Radiographers and Advanced Paramedic Practitioners; plus Supplementary Prescribing for Diagnostic Radiographers and Dietitians

40 Credit Level 7 Module (8 months): as part of MSc in Advanced Clinical Practice with University of Greenwich Faculty of Education and Health

The closing dates for applications for 2026/27 academic year are:

September Cohort	Standard programme – 8 months	4pm 12 June 2026
February Cohort	Standard programme – 8 months	4 pm 20 November 2026
May Cohort	Standard programme – 8 months	4pm 12 February 2027

BEFORE YOU BEGIN: The Independent and Supplementary Prescribing programme is extremely demanding. It is important to read all the information on the form carefully. You will need to do the following before you apply:

- Discuss your intention to undertake the programme with your organisation Non-Medical Prescribing (NMP) lead prior to completing the application (non-medical prescribing has to be appropriate for your role and the service).
- Ensure that you will have agreed access to an NHS prescribing budget on qualification.
- Ensure that you fit the academic and clinical entry criteria. Please note that priority for the 8-month programme will be given to those with a clearly defined scope of practice. We reserve the right to offer only the extended 12-month programme.
- This is a distance learning programme; you must have access to a computer and the internet and be sufficiently computer-literate to navigate an online learning platform and to download and upload files.
- Ensure that consideration has been given to the impact on clinical workload during your period of study.
- Ensure agreement from a Practice Educator. The Practice Educator can be a medical doctor or an experienced non-medical prescriber (nurse, pharmacist or AHP registered).
- Ensure that you can attend all of the **compulsory** study and assessment days. The dates for the study and assessment days of upcoming cohorts are on the website under Course Structure.
https://msp.ac.uk/postgraduate/?course_id=740&course_level=postgraduate
- Ensure that you are not away from the period of learning for more than two consecutive weeks.
- Please check information from the [HCPC](#)

Guidance Notes on completing the form

This application form consists of five sections. In order to apply for a prescribing programme within this institution, we require you to complete all FIVE sections legibly.

- Section 1: Personal details and working practice
- Section 2: Declaration of support/access to a prescribing budget
- Section 3: Declaration of support from a Practice Educator
- Section 4: Funding statement.
- Section 5: Personal intention form.

Only legible and complete applications will be considered at the application panel.

- Applications are screened once per applicant on whether anything is outstanding.
- Applications can be sent as more than one document.

If you would like to discuss any aspect of the application process, please email MSOPPGTAdmin@greenwich.ac.uk

The form

- Download the form and save to your computer before using the fillable sections.
- Ensure the application form is signed by applicant, manager, NMP Lead and Practice Educator
- It is mandatory that the PE signature is a written signature we do not accept electronic PE signatures.
- The statement of funding must be completed.

Further considerations

Please consider the following:

1. Places on this programme of study are sought-after. If you take up a place and then withdraw you will have prevented another student from taking part.
2. The information requested on the application form is required by the professional/regulatory bodies and the university. Please take your time to complete it carefully as any incomplete applications will have to be returned to you which may delay your application. Applications are considered by merit and in the order in which we received your completed application in full.
3. If you are self-employed you need to show as part of your application how you will fit the programme of study into your current practice and how you will practically prescribe once qualified. We do not generally accept students who wish to use the prescribing programme as an addition to their career or in preparation for application for a job in the future. There needs to be an identified current need for your prescribing. You need to show how you will implement it and in particular how the prescribing you undertake will be funded. If you are planning to prescribe from an NHS budget, you need to include the signature of the budget holder indicating that you have permission to prescribe from that budget once qualified.

We have an [FAQ page](#) on our website to help support applicants with this process. Please use this resource if you have any queries.

We look forward to processing your application in due course.

**Trudy Thomas,
Prescribing Programme Lead, Medway School of Pharmacy.**
